Choose how we work together.

Fusion-Bound UV-stable binder

7.5 kg two-part kits

01 MATERIALS SUPPLY

Resin binder, kiln-dried aggregates, kits, edging, recessed covers and tools. Materials delivery across the UK; discuss collection from Somerset or North London.

02 LABOUR-ONLY INSTALLATION

An experienced resin laying team for your contract. Agree the materials, site readiness, access and programme before work starts.

03 SUPPLY & INSTALL

A coordinated materials and laying package for the resin surfacing element. Base preparation, drainage and groundworks are included only where agreed in the quotation.

Samples and colour matching

Sample cases can be sent on request. We can help match colours from other suppliers: send the supplier name, colour reference or a physical sample. The proposed blend is confirmed by sample approval; an exact match is subject to the available aggregates.
